State Highway Patrolmen and Mrs. Sheffield have returned from Homestead, Fla. where they were on duty.

Mr. and Mrs. D. P. Borchardt, Billy, arrived from Alaska where they spent the winter.

Mr. and Mrs. D. P. Borchardt, Billy, arrived from Alaska where they spent the winter.

Mr. and Mrs. Edna and family returned Wednesday from Miami where they spent last week.

NEWS VIEWS

BY E. D. DODD
It seems we're at fault for most of our troubles. The present time, for example, after a year of hard work and sacrifice, we are still in a state of confusion. The masses are not understanding the situation. The masses are not understanding the situation. The masses are not understanding the situation.

The confusion is not only in the minds of the masses, but also in the minds of the leaders. The leaders are not understanding the situation. The leaders are not understanding the situation. The leaders are not understanding the situation.

BIBLE QUESTIONS
ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE BROADCASTERS

Question—What chapter 1 in the Bible gives the most complete record of the signs of Christ's coming?
Answer—The twenty-fourth chapter of Matthew.

Q—Does the Bible teach respect for old people?
A—Leviticus 19:32: "Thou shalt rise up before the hoary head, and honour the face of the old man, and the God is the Lord." (See also Exodus 20:12.)

Q—Has the Bible been translated into many languages as the writings of Shakespeare?
A—The Bible, in whole or in part, has been translated into over 2000 languages and dialects—far more than any other book in the world.

Q—How can we tell what the strange beasts of Bible prophecy represent? For instance, the one-horned goat of Daniel 8:5?
A—By reading more of the Bible—for example, verse 21 of the eighth chapter: "And the rough goat is the king of Grecia: and the great horn that is between his eyes is the first king."

Q—Could any human power ever change God's laws?
A—"He could think himself able to change them. Daniel 7:25: "And he shall speak great words against the most High, and shall wear out the saints of the most High, and think to change times and laws: and they shall be given into his hand until a time and times and the dividing of time."

Q—Who wrote the Ten Commandments on stone—God or Moses?
A—"Dante's dream 4:12, 13: "And the Lord spake unto you out of the midst of the fire: ye heard the voice of the words, but saw no similitude; only ye heard a voice. And he declared unto you his covenant, which he commanded you to do now, even ten commandments; and he wrote them upon two tables of stone."

Q—How can a man tell what the truth is in such times as these?
A—John 17:17 says: "Sanctify them through Thy truth: Thy word is truth." And it is written in Psalm 119:160: "Thy word is a lamp unto my feet, and a light unto my path."

Test all things by the Holy Scriptures. Isaiah 8:20: "To the law and to the testimony: if they speak not according to this word, it is because there is no light in them."

Ed. Note: Address your questions to the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 2, Calif. Questions of general interest will be answered in this column at space permits.

Give a Fellow Time to Answer

A telephone ring is exciting! You never know what's waiting at the other end. That's why it's important to answer calls promptly. It's also important when you're doing the calling, to allow a minute for your party to reach the telephone. It's two-way telephone consideration that means better service all around.

Allow about a minute for your party to answer

Palm Beach People Enjoy Fishing Party

Fishing is a big pastime with a lot of West Palm Beach people so far as saltwater angling is concerned, but fresh water fishing is another thing. A group of such fans came out to the Glades over the holiday and headed by Mr. and Mrs. Hendry, they fished themselves by truck to the plains of Glades county in the Lakeport section. Here the fishing gang set busy and they themselves by truck to the plains of Glades county in the Lakeport section. Here the fishing gang set busy and they themselves by truck to the plains of Glades county in the Lakeport section.

Those forming the party were Mr. and Mrs. Charles Packwood and family, Mr. and Mrs. Harvey Martin and family, Mr. and Mrs. Leslie Bradley and son, Mr. and Mrs. Byron Whitson, Mr. and Mrs. J. M. Hendry, Mr. and Mrs. J. M. Hendry, Jr., and family, and Miss Barbara Hendry of Belle Glade.

More Rock Coverage Needed For New Highways

The hot weather is showing that the state did not provide for the placing of sufficient rock on our new highways to keep the tar and oil from coming up and making the roadways dangerous and slippery as well as splattering up cars with this sticky composition. Service station operators are the beneficiaries for cars must be cleaned up. It would be an appreciated convenience if the highway department could provide and spread a little more rock on top of the road foundation.

Grape Growing Becoming Important In Florida

Grapes are becoming an increasingly important crop in Florida, the research and industrial division of the Florida State Chamber of Commerce commented yesterday in its weekly business review dealing with agricultural possibilities. Production of all types of grapes in Florida has averaged approximately 1,500,000 pounds annually in recent years, appreciably more than in the early 1940's.

Prices received by grape growers in the State have been far in excess of national averages. For example, in two years the United States average was \$59.50 per ton, Florida growers were getting \$84.00 a ton.

Several varieties of wild grapes are native to Florida, therefore, it would appear that the commercial growing of grapes would not be difficult to carry out. Early investigations, however, showed the need of hybridizing, as very few hundreds of varieties grown in the State are the Niagara, the short-lived but well-bearing Beacon and the Carman. Horticulturists generally agree that progress to date has been noteworthy but that there is still much that can be done toward perfection of an ideal Florida grape.

Much of the State is well adapted to the culture of grapes. Yields vary upward to 6,000 pounds per acre. A good continuous variety, however, approximates 2,500 pounds per acre. Florida can well become a more important grape growing region. This is particularly true considering the possibility of the development of an early June grape for the good pre-season market.

Bollinger Seeks Fewer Elections

John E. Bollinger, legislative representative from this area, conferred Thursday with county officials regarding their attitude on legislation scheduled for the next session, and suggested wrapping all referendum issues into one election to save wear and tear on the voters. The conference, Bollinger indicated, grew out of efforts on his part to sound out city and county officials and to determine the desires of his constituents in pending and proposed new State statutes.

Rep. Bollinger suggested bringing all referendum issues, except bond issues, into a single election so voters would not have to face a situation similar to the past several months when they were frequently called to the polls.

81 Persons Placed In Employment For Month Of July

"It's a lazy day" may be a true statement during these warm summer months, but life is not so idle in the Florida State Employment Service has to overlook, according to A. M. Larrimore, manager of the local office here, "the work of the office here."

Although employment is not at its peak in this season, employment activities remain a high level, Larrimore said. During June, the local office handled 117 new applications for jobs and 85 job openings. These figures cover the area survey by the local office including Palm Beach County, Glades County and Hendry County.

Summer time is vacation time in most of the firms in the State which means that the workers are out for varying periods of time although the work continues. The local Florida State Employment Service office can furnish qualified workers to fill in during the absence of vacation employees. Mr. Larrimore said.

Total applications on file in the local office at the age of June amounted to 501, including 38 women and 351 veterans. The majority of these applicants are farm hands, with truck drivers, clerical workers, and unskilled workers comprising most of the other applicants on file.

Of the 83 workers referred to job openings during the month by the Employment office, 81 were successfully placed. Of this number, employment was secured for 2 women and 25 veterans.

Both prospective employers and employees may find the activities of the Florida State Employment Service useful in meeting their job problems, Larrimore said. He urges everyone who needs help or further information to contact the local office in the Hendry building. Job orders will be taken over the telephone 307.

Land Values In This County Make Increase

One indication that Palm Beach County is growing and property valuations are on the increase is pointed out by Tax Assessor James M. Owens. Tax assessments placed on the rolls by him show an unprecedented increase of twelve and half million dollars, of which five million will be subject to taxation millage. The total county value assessed has been fixed at \$131,061,973.

Homestead exemptions reach 39 million as against 32 million last year.

The Florida Inland Navigation district will levy one-half of a mill on taxable property on the 1948 roll. The Western Palm Beach Hospital District which operates the Belle Glade and Pahokee hospitals will ask for an increased millage from five to eight and one fourth mills for the coming year. The 1947 estimate value is placed at over \$1,100,000. The increased millage would raise money to pay off a \$94,000 bond issue.

Skating Rink Will Be Moved To Palatka

The Messrs Scharf and Palm, who have operated the skating rink here for the past 30 days, are pulling stakes this Saturday for their next stand. These men have operated a clean place for entertainment and are so well pleased with Belle Glade that they may make a return trip here in the late fall.

These gentlemen state that they have no financial interest in the new permanent skating rink being erected by Bamby brothers in Clewiston, although they do have some working agreements.

Business Block To Go On Fifth Street

The building permit records last week show another permit here for the past 30 days, are pulling stakes this Saturday for their next stand. These men have operated a clean place for entertainment and are so well pleased with Belle Glade that they may make a return trip here in the late fall.
